FIT THE RIGHT SIZE

HEADWEAR

The circumference of the head is measured with a soft measuring tape, positioned approximately 2,5 cm above the eyebrows and 1 cm above the ears. For an optimal choice, it is advisable to always round up to the next centimetre. The adjustable one-size-fits-all items fit a wide range of sizes (see table).

UK and US sizes show the size of the diameter of the headgear in inches, with a slight variance.

EUR	52	53	54	55	56	57	58	59	60	61	62	63
